

Profile

Darren Van Slyke

Experience

Burger Consulting Group, Inc. — April 2016 to Present

Senior Consultant assisting Explorer Eclipse customers with training, configuration, integration, report writing, and other functionality to obtain better use of the Eclipse system within their organization.

ColasCanada Inc. — January 2005 to March 2015

Director, Information Services for ColasCanada Inc. (part of the worldwide Colas Group). Manager of the information systems team providing internal accounting and ERP support, training, and development for 1000+ users across 50+ Canadian operating companies with consolidated revenue in excess of \$1 billion/year. Personally trained all key accounting and operations personnel on accounting processes and ERP functionality. Responsible for data integrity and all data-related reporting requirements for all company stakeholders. Responsible for all information systems department employees and budgets, reporting to the Canadian CFO. Implemented Explorer's Contract Manager across all the existing Quebec Colas subsidiaries as well as any new acquisitions across Canada. Developed the complete standardized accounting structure, processes, and reporting for all corporate and operating entities within a very decentralized corporate structure.

DGOC Ltd./ColasCanada Inc. — January 2002 to December 2004

Information Systems Manager for DCOG Ltd./ColasCanada Inc. (part of the Colas Group). Same general duties as Director (listed above), but limited to the western Canadian operations. Implemented Explorer's Contract Manager across all western Canadian operations with the aid of the software vendor.

E Construction Ltd. — May 2000 to December 2001

Senior Accountant for E Construction Ltd. (part of the Colas Group). Assisted the controller with the full accounting cycle process for a large construction company, reporting monthly to the corporate head office. Became the in-house IT support person providing basic computer/network support and became the internal ERP expert for the Colas Group companies using Explorer Contract Manager.
